Nikon Z8 Body

with Nikon MB-N12 Power Battery Pack

Condition: Like New · Shutter Count 44,619 (electronic shutter only) · Complete with original boxes & accessories

Nikon Z8 body with original Z8 box

OVERVIEW

Nikon Z8 full-frame mirrorless body in Like New condition — presented as if brand new out of the box, with little to no sign of wear. The camera has been meticulously cared for and carries a low shutter count of just 44,619 actuations, all on the electronic shutter. As the Z8 has no mechanical shutter, there is no mechanical shutter wear to consider.

Purchased new from Conns Cameras, Dublin, Ireland; the original sales receipt is available. Supplied complete with the original Z8 kit box and all original accessories, manual and wraps. The matching Nikon MB-N12 Power Battery Pack is included in mint condition, boxed with its original packaging and wraps.

A NOTE ON THE BOX

The original box is a Z8 kit box. This is how the camera was originally supplied: due to stock shortages at the time, the Z8 was only available as a kit, so Conns Cameras provided it in the kit box with the 24-120mm lens removed. It is therefore the genuine original Nikon box, in kit form, with the body only inside.

WHAT'S INCLUDED

- Nikon Z8 body (Like New) with body cap
- Original Z8 kit box and all original accessories, manual and wraps
- Nikon MB-N12 Power Battery Pack (mint), boxed with manual, wraps and pin cover
- Genuine Nikon EN-EL15 battery — 100% working
- Newell EN-EL15c battery with built-in USB-C charging port — fully working in the Z8
- Original sales receipt available on request

Note on the Newell EN-EL15c: Nikon firmware blocks some third-party batteries in certain newer bodies (e.g. the Z6 III), but this battery runs perfectly in the Z8. The USB-C port allows convenient charging without the dedicated charger.
